

## MEDIA RELEASE

### 2016 AMT AGRI-OUTLOOK CONFERENCE

#### *Transforming Agriculture*

**EMBARGO: Immediate release**

The 16th AMT Agri-Outlook Conference will be held on 28 September 2016 at the CSIR Convention Centre in Pretoria. The aim of the 16th AMT Agri-Outlook Conference is to improve on what is one of the premier platforms to communicate and interrogate pertinent issues in the South African agricultural sector. The theme of this year's conference is: **Politics, conflicts, global warming, the world economy and the future of agriculture in South Africa**. World renowned speakers and commentators will be assembled to make presentations, facilitate and support the discussions. Building on the success of the past, we are confident that delegates will be provided the opportunity to obtain improved insights and to tackle and stimulate a greater understanding of the current pertinent issues faced by the agricultural sector in South Africa.

It is believed that the theme and the programme will appeal to a wide spectrum of role players, from private sector, government to academia and other stakeholders.

The annual AMT Agri-Outlook Conference is not to be missed and remains one of the highlights on the South African agricultural calendar.

Registrations are now open for the 2016 AMT Agri-Outlook Conference! Registration forms can be obtained from [www.agrimark.co.za](http://www.agrimark.co.za) (click on Conference) or alternatively please contact Miss. Dalene Coetzer.

Do not miss this unique opportunity to network and meet up with experts in the South African agricultural context.

*"Our endeavour is to provide you with a thought provoking experience that will help you to shape your business or organisation for future challenges."*
