ABOUT THE CONFERENCE

Are you ready for a thought provoking experience? The annual AMT Agri-Outlook Conference is not to be missed and remains one of the highlights on the South African agricultural calendar.

The 16th AMT Agri-Outlook Conference will be held on 28 September 2016 at the CSIR Convention Centre in Pretoria. The theme of this year's conference is: Politics, conflicts, global warming, the world economy and the future of agriculture in South Africa.

Producers, producer organizations, banks, universities, government officials, agri businesses and the media will attend. This is an excellent annual networking opportunity for all role-players involved in agriculture.

Some of the renowned speakers will be Mr. Mike Schussler, who will give an economic outlook for 2017, and Mr. Johan van den Berg who will discuss the climate outlook for 2016 and 2017. Mr. Van den Berg will give his opinion regarding rain expectations for the coming summer. Another world class speaker, Mr. Theo Venter, will present a political outlook for 2017 which will be interesting following the outcomes of the local municipal elections in August 2016. Mr. Chris Hart will share his insights in terms of the impact of policy on the economic and agricultural economic environment while Mrs. Chantell Ilbury will elaborate on the flags which indicate an increase in global conflict and what this means for Agribusiness in South Africa.

During the panel discussion the opportunity will arise for interaction between the audience and experts in their field. This year the panel of experts, which includes Prof Nick King, Dr Andries Jordaan and Mr. Christo van der Rheede, will focus on issues regarding risk mitigation within the context of climate change, water and food security as well as drought mitigation strategies and drought relieve in South Africa.

The Global and South African Outlook for the supply and demand of grains, oilseeds and livestock will be addressed by Mr. Ernst Janovsky with final perspectives on the day's deliberation that will be dealt with by Dr Herman van Schalkwyk.

The day's programme will be concluded with a gala dinner with guest artists (It Takes Four) and a lucky prize draw. This conference will provide you the opportunity to listen, experience and interact with the experts and leaders in the agricultural business environment. If you are interested in attending this conference, or want to sponsor, exhibit or advertise in the conference programme booklet, contact Mrs. Dalene Coetzer at 076 188 6533 or e-mail liaison@amtrends.co.za

"Our endeavour is to provide you with a thought provoking experience that will help you to shape your business or organisation for future challenges." – Dr Flippie Cloete, CEO: AGINFO (t/a AMT).
