Dear Agbiz Members

This invitation is extended to all Agbiz members and your respective Boards (key Board Members)

Agbiz, in partnership with Standard Bank, are hosting a Good Governance Workshop aimed at empowering Boards of Directors to execute their fiduciary responsibilities in a legally compliant and ethical manner.

The focus of the Workshop will be on the so-called King I-IV Codes of Good Governance, with specific focus on the recently released King IV and the critical Business Judgement Rule. The King Codes have already become part of South Africa's Common Law, necessitating that Directors are fully aware that compliance is essential. To address this matter, well known attorney and King Committee member, Michael Judin, will present in highly enlightening style and manner.

Additionally, there have recently been a number of changes to legislation with regard to financing specifically, and Milton Kotze of Standard Bank's Regulation Compliance will inform participants of these changes and what needs to be done to be compliant. As many agribusinesses are involved in financing, either directly or indirectly, it is critical that they understand the consequences of non-compliance in this highly regulated environment.

The CEO of Agbiz will close the meeting and also inform participants of progress made in Minister Pravin Gordhan's CEO Process in engaging Business on inclusive economic growth and job creation.
Kind regards

_____
John Purchase (Ph.D)
CEO: Agbiz
